Brian:

I am scheduled to be in Houston but I will see what I can do.

Thanks

Gary

Attached is a copy of the revised FSP that contains maps giving the approximate location of onsite monitor wells to be installed (up to 17) and background monitor wells (up to 10). It looks like we will be starting sampling on Sep 9 and will be sampling approximately 3 weeks. Please let me know if you need anything else and if you are going to be at the site during the sampling. I would appreciate having you around if possible.

Thanks

Brian:

Enclosed is a PDF copy which includes the cover letter, transmittal form and Addendum to the Field Sampling Plan for the Falcon Refinery RI/FS (TO-0088-RICO-06MC). The addendum reflects the

9596517

changes documented in Field Change Form 01. The hard copies and other electronic copies of this plan are being shipped to you and the designated stakeholders today. Please let me know if you have any questions.

Thank you,

Bob Owens
